Profile

I'm Saurav Pandey, a MERN Stack developer currently pursuing a degree in BIT at Texas International College in Kathmandu, Nepal.

Experience

I've been independently working on various projects and continue to do so. All my projects are accessible through my GitHub profile..

My projects includes social media app, portfolio website, assignment helper website and so on.

Education

Pyuthan Valley Academy (SEE)	Bagdula, Pyuthan ,Nepal	GPA : 3.50
The Times International College (+2 level)	Dehlibazar, Kathmandu, Nepal	GPA :3.78
Texas International College, BIT (Bachlor)	Chabil, Kathmandu, Nepal	Studying…

Hobbies

My passion lies in website development and exploring new libraries to incorporate into my projects. Apart from coding, I have a keen interest in the Japanese language and have spent over a year in Japan. I also enjoy mentoring juniors and newcomers to the field.

Skills

With over 2 years of coding experience, I possess intermediate proficiency in both frontend and backend development. In frontend, I'm adept in HTML, JavaScript, and utilize Chakra UI for building user interfaces. On the backend, I work with MongoDB for databases, Express.js, and Node.js, with React as my preferred framework. I also have experience in testing applications using tools like Postman for over 3 months. Additionally, I utilize backend libraries such as Multer, bcrypt, webjsontoken, socket.io, cloudinary, and axios. But at this moment, I am diving into my frontend journey.
